MR FRANK LLOYD-MURRAY MAPM MIOD

ENTJ[®] MYERS BRIGGS

...Our working life is really about our people. The technical challenges we face present the challenge itself, whereas the response we offer comes from our people and our teams; from the passion and belief in teamwork, to our pride in who we are and what we represent.

As JP Morgan once said "A person generally has two reasons for doing a thing... ...One that sounds good, and a real one."

We are proud of who we are and what we deliver. Our people are our most valuable resource, and our most powerful...

September 2018

Frank is a specialist in leading design/build projects that allow companies and organisations to move from their current "steady state" to a new, desirable "steady state". An emotionally intelligent individual which enables him to deliver success when leading a change team and interfacing with Clients and Senior Stakeholders/Board Members.

He is a classic ENTJ[®] Myers Briggs and is highly focused on output and team productivity. He is an experienced leader with a strong growth mindset. Frank combines this with a disciplined, structured methodology and a commitment to the continued development of all members of his team. An attitude of life-long learning is something close to his heart.

With exposure to Agile work methodologies (SCRUM) and extensive change management experience he can demonstrate a long and proven track record of success delivering within the SQL/ORACLE database/data warehouse design and business analysis environment.

Frank is a member of the Institute of Directors, a member of the Association for Project Management and a Professional member of the British Computing Society. Frank is also a passionate Rotary Club Member of Great Britain and NI and other Lodge Memberships.

With over 30 years SQL Server experience combined with 20 years programming experience in VB/VBA/Oracle/SQL enables him to offer a considered and experienced oversight and assurance role for almost any design team.

Frank has been married for over 20 years, has two wonderful daughters and a Puppy called "Lollipop". He is a keen musician and guitarist and loves sailing and DIY projects. In his spare time, he is building a recording studio at his home in Gloucester and wastes what is left of his time on his boat, Discovery.
